Dear Partner,

Lifeline for Childhood Cancer, Ghana (LCCG), is a non-profit organization, dedicated amongst others, to raising awareness and funding for the medical treatment and care of children and their families affected by cancer. Our support includes, but not limited to;

- Payment for Treatment (Cost of Chemotherapy, Radiation Treatment, Surgeries and after care)
- Advocacy for the inclusion of all childhood cancers under the National Health Insurance Scheme and Awareness Creation amongst the public.
- Nutritional, Education and Psychosocial Support
- Housing and Transport fares for families
- Skills Development and Training for our mothers.
- Advocating for the accessibility of high-quality diagnostic and treatment facilities.

Based on current national epidemiological statistics, up to 1,500 children (or one out of every five hundred) between the ages of 0-15 years of age, are expected to be affected by cancer in Ghana annually. The survival rate in Ghana and for low to middle income countries on average is approximately +20.0% vs. approximately +80.0% in advanced countries. This undesirable outcome is primarily driven by the prohibitive costs (treatment) to affected families, exacerbated by the non-availability of a sizeable number of childhood cancer treatments still not under the NHIS coverage, and by late presentation due to the lack of awareness among the public.

As part of our activities to celebrate Childhood Cancer Awareness In September, 2022, we will be hosting a breakfast benefit with a cross section of both existing and new corporate and individual stakeholders. We hope to share with you, the granular details of what we do, what we have achieved so far and our programmes, plans/objectives for the coming year.

(Our little heroes Princess & Dorcas)

The event is scheduled for the 8th of September, 2022 at the Fiesta Royale Hotel at 8:00am-10:00am. Our audited FY 2021 and 2022 financials are also available for sharing on request. It will also be a meeting to help raise awareness, meet some of our survivors in person and network over breakfast.

Every Child Matters

Your support is extremely important to the survival of our children, such as our Heroes, Princess and Dorcas who are currently undergoing treatment in Korle Bu with the support of LCCG.

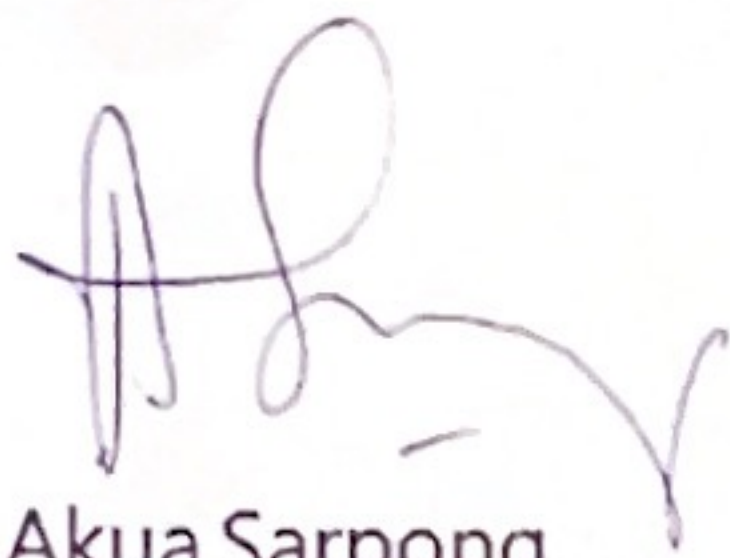

Like the affected children and their families who inspire us, we (LCCG) are unrelenting in our mission. We are inviting you to be part of this life changing journey.

Together, we can prevent a high percentage of affected children from dying needlessly.

Together, we can help make these children laugh with reckless abandon, dream, hope and aspire again in good health and help give these children the lifeline they desperately need.

Thank you and we look forward to seeing you at this event.

Sincerely,

A handwritten signature in blue ink, appearing to read 'Akua Sarpong', with a stylized flourish at the end.

Akua Sarpong

Executive Secretary,

LCCG (Lifeline for Childhood Cancer, Ghana)
